

# Compact Vacuum Excavation Systems

HOME OF THE ORIGINAL "ANGLE TANK SERIES"

# The Pacific Tek “Compact Vacuum Excavator” is available as a trailer or skid mount and in 6 standard configurations

## Skid Mounted Vac:

- Complete system designed for you to bolt on to a flatbed pickup truck using factory-supplied angle mount brackets.
- Optional pressure washer system on same skid or separate skid.
- Offers great value for utility departments and contractors.

## Compact Vac Trailer:

- Vacuum System on a small single or tandem axel trailer.
- Standard trailer configuration includes a Vacuum Excavator with optional pressure washer system.
- Other add-ons include flood lights, remote start and hydraulic tool circuit.

\*Standard configurations shown, additional options available. Just ask your local dealer. Model # is debris tank capacity.

Skid Mounted units  
fit nicely in the back  
of a flatbed pick-up  
truck and just need to  
be secured
